0 of 0 people found the following review helpful. Four StarsBy Carolk S. GimmelVery informative with helpful photos.

Part of the successful Horticulture Gardeners Guide series, Climbers covers all aspects of the cultivation, training and care of climbing plants of many kinds including clematis, various ivies, and more. This handy guide includes ideas for mixing and matching plants to provide year round color and interest. Organized by season, situation, soil type and color, the book makes it easy to find information in a variety of ways. Special panels throughout the book focus on practical tips, design ideas, cultivation methods and more.
