Monte Burch : The Hunting Fishing Camp Builder's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hunting Fishing Camp Builder's Guide:

There is probably not a hunter or angler alive who, at some time or other, has not at least daydreamed about building his or her own camp. Visions of trophy-covered log walls, a massive stone fireplace, deer hanging on a rack in front of a generous veranda, the camaraderie with good friends... The reality might be a prefab shelter with an oil-barrel stove, but the satisfaction and pleasure is all the same. Stoeger's Hunting Fishing Camp Builder's Guide, illustrated with photographs and informative how-to diagrams, provides readers with the concepts, plans and know-hot to turn a daydream into a reality. Monte Burch, best selling author, architect, construction expert and experienced hunter (among many other accomplishments), applies decades of how-to skills to describe the "ins and outs" of design and

construction. From the cabin to the furniture inside, you can do it yourself and build your own camp or lodge.

"Monte Burch's hands-on approach and easy-to-understand style of writing have made him a recognized name in the world of the DIY'er..." -- Matt Weber, Editor of Extreme How-To Magazine
