**John Nicholass : The Illustrated Gardener's Guide to Growing Fuchsias** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Illustrated Gardener's Guide to Growing Fuchsias:

0 of 0 people found the following review helpful. BEAUTIFUL photos! This book is Filled with themBy R.D. Wertz/SharaBEAUTIFUL photos ! This book is Filled with them. I had No idea there were so Many variations of this lovely flower,.... I live in deep shade in the Deep South (Georgia) and had had Fuchsias in the past but they never survived to a second season,... and yet,...(so I thought it was because we Do get snow and freezing conditions. Yet I have seen HUGE landscaped bushes of bloom Fuchsias in Ireland, Scotland, and even NORWAY,.. so Clearly, there were varieties that could handle our Georgia Winters,.... But I needed their names,.... This heavy, informative book supplied me with answers the internet wasn't.

Growing fuchsias successfully in borders, containers, hanging baskets and conservatories, with a directory of types.
