**Adina Sara : The Imperfect Garden** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Imperfect Garden:

1 of 1 people found the following review helpful. stories from the wild gardenBy Maryliself you like your garden, small or large, you will appreciate the humour and the stories that Adena share with us. It will make you want to get your hands dirty....4 of 4 people found the following review helpful. I'm not a gardenerBy K. PercyI haven't read this book and I'm not a gardener... yet. But I have been reading Sara's gardening columns in the Metro and her writing is

like a garden itself: working at many levels at once. Frankly I read her column for its philosophy more than anything. She lives among nature as a participant. I recommend her writing to everyone, it's startlingly different, you will see your garden and all of nature with a different perspective.<sup>2</sup> of 2 people found the following review helpful. A strong choice  
By Midwest Book Review  
Gardening is more than a hobby for some. "The Imperfect Garden" explores the spiritual side of gardening from author Adina Sara's perspective; she finds much comfort in restoring her backyard garden and turning it into something beautiful. With moving anecdotes, and full color gardening photos, Sara may inspire others to create their own garden and embrace it, making "The Imperfect Garden" a strong choice.

At last, a gardening book that digs past the dirt, reaching down to the soul of gardening. THE IMPERFECT GARDEN follows one gardener's journey as she discovers her trash heap of a garden, unearths bulbs and seedlings buried by time and neglect, and carves out a whimsical landscape dotted by decades of successful and failed gardening experiments. Expanding on the candid reflections of the author's gardening column, THE IMPERFECT GARDEN explores the elements of determination, disappointment, and surprise that shaped both her landscape and her life.

From the Inside Flap  
Bay Area author Adina Sara writes a feature gardening column for the MacArthur Metro, an Oakland, California newspaper. her first book, 100 Words per Minute: Tales From Behind Law Office Doors (Regent Press, 2006) chronicles her unintentional career as an office worker. Sara's short fiction, essays, and poems have appeared in magazines including Green Prints, Cottage Gardener, Peregrine and East Bay Express. Photographer Rachel Michaelsen, when not photographing or working in her garden, is engaged as a social worker, providing psychotherapy, consultation and training.
