Jennifer R. Bartley : The Kitchen Gardener's Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kitchen Gardener's Handbook:

0 of 0 people found the following review helpful. Wonderful ideas full of vibrant pictures! By Blair K. Peterson Great pictures inside and full of wonderful ideas. We perused this at our local Garden Show but didn't want to pay full price for it. Came home and found it for a big cheaper on . Who cares if it has a tiny big of shelf wear. That's where it will reside for the most part at our home until we use it. 2 of 2 people found the following review helpful. Great reference and recipe book for vegetable gardeners By Edmuncm Well written. Great reference and recipe book for vegetable gardeners. 0 of 0 people found the following review helpful. kitchen gardener By Z. Medeiros She explains in a soft way how to create your own crop. Different ways to reach the goal. I've loved this small but beautiful book. Have fun: grow your vegetables and bring birds/butterflies to your yard. This book is a great helper.

A mouthwatering picture book. Toronto Tasting Notes No longer content with separating the plants they grow to eat and the plants they grow for beauty, gardeners are discovering the pleasures of incorporating both edibles and ornamentals into their home landscapes. The Kitchen Gardener's Handbook makes it easy. Whether she's sharing tips

on planting radishes in spring, harvesting tomatoes in summer, or pruning perennials in winter, Bartley's friendly advice gives gardeners the tools they need to build and maintain a kitchen garden. Readers will learn how to plant, grow, and harvest the best vegetables, fruits, greens, and herbs for every season. They'll also find seasonal recipes that celebrate the best of the harvest, monthly garden chores, eight sample garden designs, and information on using cut flowers for decoration. The Kitchen Gardener's Handbook is a guide for gardeners who want it all the freshness of fruits and vegetables and the beauty and simplicity of hand-picked bouquets.

It's a book you can't help but tuck with scraps of paper, and turn-down page corners, as you harvest a bumper crop of fine ideas. Chicago Tribune Lovely photographs [and] succinct to-do lists. American Gardener Will resonate with folks who have some space and are looking to improve it with a year-round beautiful and edible outdoor yard. ForeWord Magazine If edible gardening is your passion, then this seasonally organized book, brimming with useful information, will come in handy. Milwaukee Journal Sentinel One of the most complete kitchen gardeners aids we've ever seen. From design to cultivation advice to crop suggestions to recipes this book has it all. GourmetSeed.com Filled with lovely photographs and detailed landscape plans, the book is a pleasure to look at. Gulf Coast Local Food I have rarely seen a gardening book with such useful photos and illustrations, or one that does such a good job of making sure the images and text work together. Diggin The Dirt Bartley uses this book to guide the gardener to incorporate edibles into the ornamental landscape, a very worthwhile endeavor for those with limited gardening space. . . . A good choice for gardeners to want both beauty and good food from the same garden. Danville Register Bee If you are looking at gardening more from the chef viewpoint. . . . this book provides similar growing information and designs, but the real focus is the end products the many recipes that use seasonal vegetables and fruits. SustainableHort.com A helpful, practical and beautifully compiled guide to growing what one wants to eat. Lemuria Bookstore Blog
