Stanley unraveledBy leslie harris whiddettLegend of Stanley by the title led me to believe it was a biography of take overs but it turned into a very well researched book on the outstanding growth of Stanley, with emphasis on why and when the many arms of the business, which included hardware and tools where brought together. As a Member of a Hand tool Preservation Society I recommend this book to help you understand why we love collecting Stanley Tools.0 of 0 people found the following review helpful. Nice book. Very nice historyBy Sdaddy68Nice book. Very nice history. It is a repeat reader because there is no way possible for me to soak it all in the first time. I would recommend it to anyone who is remotely interested in hand tools1 of 1 people found the following review helpful. GREAT STANLEY TOOLSBy nobleI WORKED MANY YEARS TO COLLECT STANLEY TOOLS. I NEVER KNEW ABOUT ALL THE VARIOUS ENDEAVORS THAT STANLEY WAS INVOLVED WITH. IT WAS A TRUELY GLOBAL COMPANY THAT HAD MANY

SUCCESSFUL VENTURES STARTED BY HARDWORKING MEN IN THE TRUE AMERICAN WAY WITHOUT GOVERNMENT INTERFERENCE. EVERYONE WHO WISHES TO KNOW HOW IT WAS...NEEDS TO READ THIS BOOK. AMAZON IS A GOOD PLACE TO GET IT.
