Good for sports fanatics and hoardersBy SmittyIf you still think you're in college and want to plaster your walls with college sports paraphernalia, or if you're a hoarder and like clutter (what hoarders call collecting) then this book is for you. Most of the caves are overwhelmingly full of dust-collecting tchotchkes that make the room seem one of two things - immature or junky. Other rooms have ridiculous themes, like a strip club theme complete with pole. I'm looking to make my room somewhere between a family room and an ultra-expensive theater. Just a mildly classy room with a big TV, good audio system, a couple of racks to display my vintage audio equipment, some acoustic wall treatments, small bar with a back bar, a couple of recliners, a sofa and a sofa-back table. There's nothing in the book that even comes close to that.4 of 4 people found the following review helpful. Lots of great ideas for your very own Man Cave.By ShaneThis book has lots of great pictures of man caves. They gave me a lot of great ideas on what to do with my own Man Cave. Lots of variety and neat stuff to look at. The book goes over various themes of ordinary guy's Man Cave's. Some are just regular, and some are real high dollar. So it covers the whole spectrum. I found many great ideas in this book, so you can get a little something from other man cave owners. There are also short interviews with the owners explaining a little about each one. Great book to gather various ideas for you to start working on your very own man cave!0 of 0 people found the following review helpful. I'm famous!By StepheninazMy 70's mancave is actually featured in this book! Very cool, loaded with some cool decorating ideas.

The Man Cave Book by Mike Yost and Jeff Wilser is a tribute to great and glorious man spaces and the craftsmen behind them. Complete with instructions and insights into creating your own unique refuge and shrine to beer, sports, and everything else that's right with the world, The Man Cave Book is an essential manual for any man cave enthusiast.

From the Back Cover
What separates the men from the boys? The Man Cave.
Boyhood Fort
Man Cave
Who's allowed? Not girls; they have cooties. Not women; they have authority.
Primary materials used in construction: Wood, stuff your mom doesn't want; Particleboard, stuff your wife doesn't want.
Key activities inside: Goofing around, avoiding responsibility.
Goofing around, avoiding responsibility.
Peak periods of use: After school, weekends. After work, weekends.
Slumber parties with buddies? Yes. No.
Food and beverages consumed: Soda and unhealthy snacks. Beer and unhealthy snacks.
Spend the night inside? Not as a habit, but it's been known to happen. Not as a habit, but it's been known to happen.
Money spent on space: As little as possible. As much as possible.
Is this a phase you will outgrow? Yes. No.
The Man Cave Book is a tribute to great and glorious man spaces and the craftsmen behind them. Complete with instructions and insights into creating your own unique refuge and shrine to beer, sports, and everything else that's right with the world, this is an essential manual for any man cave enthusiast.
