Anything You Want to Know About GardeningBy sugarCookieI LOVE this book! There is so much information inside as well as a wonderful reference book. I loaned it to a neighbor and she liked it so well I had to go get it!0 of 0 people found the following review helpful. Five StarsBy Jay ClarkGreat overview. A bit dated, but I don't think plants change that much.

The Mid South Garden Guide is a complete easy-to-use handbook for all home gardeners in the South. It contains everything both the novice and the serious gardener need to know about the planting and caring for shrubs, trees, and flowers as well as the maintenance of a beautiful lawn. An introductory section features a month-by-month calendar with hint for planning, planting, fertilizing, spraying, pruning, and mulching, as well as information about correct gardening tools and their maintenance. Many illustrations and easy-to-read charts enhance sections on garden care, lawns, trees, shrubs, vines, bulbs, popular plants and flowers. Readers will find helpful information for growing herbs, vegetables, and container plants and for preparing fresh and dried flowers for arrangements.Although focused upon the Middle South, the horticulture information in this book will prove of great value and service to gardeners throughout

the United States.
