Instead of being angry and killing my coworkers, I just sit down in my chair and rake sand. It is quite a calming and relaxing activity and it makes me forget about the insanity that I deal with on a daily basis at work.0 of 0 people found the following review helpful. Great gift idea for the doctors I work withBy CustomerGreat gift idea for the doctors I work with. They loved them. I should have paid a little more attention on the "actual size". I was expecting to see something slightly bigger. But nevertheless they were perfect. Thanks for the Quick delivery. :)
