For years, millions of readers have turned to MOTHER EARTH NEWS for trusted advice on growing vegetables and fruits. This book harnesses decades of wisdom, bringing together all the indispensable techniques, complete growing guides, helpful tips, useful photographs, and inspiring illustrations for which MOTHER EARTH NEWS is known. Plan for self-sufficiency with a garden focused on edibles! Choose from variety of plans for kitchen gardens, browse strategies for small space gardening, or up your gardening game by installing and maintaining permanent beds. Soil concerns? Get the dirt on building fertile soil, soil pH, compost, vermicompost--even biochar. Long-time gardeners are sure to find something new, from vertical gardening to plans for extending the seasons. That's right, garden through the seasons with dozens of vegetable-and fruit-specific growing guides. Start with your favorites or learn to love something new (Asian greens or fruit trees, anyone?). In slower-growing or more challenging seasons, MOTHER is there to help. Whether you need to know the best vegetables to grow in the shade or the top gardening tips for soil health in winter, this book has it all.

About the AuthorMother Earth News is America's leading magazine about sustainable and self-reliant living. Founded by John and Jane Shuttleworth in 1970, it is owned today by Ogden Publications of Topeka, Kansas, and boasts a growing circulation of over half a million. Since the magazine's founding, Mother Earth News has been a pioneer in the promotion of renewable energy, recycling, family farms, sustainable agricultural practices, better eating habits, medical self-care, more meaningful education, and affordable housing. The magazine's mission is extended by six annual Mother Earth News Fairs and a vibrant website.
