I would recommend this book to any builder or remodeler project. Best I have seen so far. Capt. Larry of Cobra Construction. 25 of 26 people found the following review helpful. Fantastic By Kate Smart What an excellent book this is! It is truly impressive to peruse a decorating book where attention to detail is evident. This book features page after page of lovely bathrooms, in every style conceivable. This is not "House Beautiful" or "Metropolitan Home" where every room is stripped bare and void of any sign of life. This book shows modern bathrooms, country bathrooms, bathrooms for kids, 1950's bathrooms with turquoise tile, etc. It is a feast for the eyes and worthy of owning. It is without a doubt, the best bathroom book I've ever seen, (and I've seen dozens) and gave me some great ideas for our renovation.

The New Smart Approach to Bath Design explains everything a homeowner needs to know to design and decorate a bathroom. Helping readers to think like a professional, this book provides advice for designing a master bath, family

bath, kids' bath, and powder room, hiring design and construction professionals, shopping for materials, fixtures, and fittings, space planning, lighting, storage, safety, and decorating with style.

"This book offers a lot of information for the money ..."From the Back CoverRevised and updated, *The New Smart Approach to Bath Design* has all the answers and inspiration for anyone who is contemplating adding or remodeling a powder room, a family bath, or even an at-home spa in a master retreat.
