D. G. Hessayon : The New Vegetable Herb Expert before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Vegetable Herb Expert:

The bestselling guide to everything you need to know about vegetables, now updated to include all the new varieties available and up-to-the minute advice about beating pests and diseases. Just look at the contents - Standard Vegetables, Salad Leaves, Herbs, Oriental Vegetables, Grafted Vegetables, Non-standard Vegetables, Novelty Varieties.

"Provides essential basics about varieties and [...] easily absorbed panels of information giving key facts. There is stuff on where to sow and grow both the usual and more unusual vegetables, herbs and salads - from how to prepare your

soil to how and when to harvest the produce." The Telegraph "Anyone wanting to grow their own veg should pick up this handy book." Daily Express "You could be forgiven for thinking you need to splash out on chatty, glitzy hardbacks, but all the information you need (and I mean all of it) is there in the paperback Expert series that Dr David Hessayon has been turning out since the 1970s on almost every aspect of gardening." Stephen Anderton, The Times

About the Author Dr Hessayon is the world's best-selling horticultural author his Expert series of gardening books have sold over 53 million copies. He has been honoured by Queen Elizabeth who created him an Officer of the Order of the British Empire for services to British horticulture. He has been honoured by a leading newspaper which included him in its list of 60 Truly Great Elizabethans because he has taught millions of us how to garden with his wonderful do-it-yourself guides. He has been honoured by Guinness World Records as the top-selling living author of the 1990s. He has been honoured at the National Book Awards with the first-ever Lifetime Achievement Award. The Expert style is hard to define. According to the Librarian of the Royal Horticultural Society Dr Hessayon perfected a manner of presentation which has yet to be surpassed for clarity, intelligibility and ease of access. According to The Times he invented a formula of clear, uncluttered advice and illustrations with a superbly logical layout. There are 21 Expert titles in the series which have been enjoyed by gardeners all round the world. The House Plant Expert has now passed sales of one million copies in both the U.S. and Russia.
