I found a collection here and now I am the proud owner.0 of 0 people found the following review helpful. Just as advertisedBy JoeBook arrived promptly and was in "very good condition", as was advertised. I was very pleased with this, my first purchase from Net Books Warehouse and would purchase again from this company. If you are as fond of watching Norm build projects as I am, you would love reading his comments in this book. I started reading it the minute it arrived and read about several projects before putting it down. I hope to purchase several more of his books in the future.0 of 0 people found the following review helpful. Five StarsBy CustomerItem in great condition.

As host of public television's New Yankee Workshop and master carpenter for the ever-popular This Old House series, Norm Abram shares his legendary woodworking skills and ingenuity with millions of viewers. Now he invites you back into his workshop to build ten classic, handsome outdoor projects that will last through years of sunshine, rain, and snow. With the help of Norm's expert guidance, as well as detailed instructions and illustrations at every step of the way, you will learn how to: select the appropriate tools and materials (especially important for outdoor durability); build a sandbox, gardener's workbench, wheelbarrow, picnic table, garden swing, planters, child's wagon, lidded

bench, colonial fences, and redwood arbor; and assemble and weatherproof each piece. Capturing the wisdom and experience of a celebrated craftsman, this newest volume in the New Yankee Workshop series is an invaluable and inspiring resource for every home woodworker.
