**Robert Lee Behme : The outdoor how-to-build-it book** before purchasing it in order to gage whether or not it would be worth my time, and all praised The outdoor how-to-build-it book:

1 of 1 people found the following review helpful. ... construction techniques are but the book is filled with great pictures and examples of mid century outdoor projectsBy Kenny nelsonI'm not sure how up to date the construction techniques are but the book is filled with great pictures and examples of mid century outdoor projects. So if you're looking to add some more mid century charm to your house this is a great book0 of 0 people found the following review helpful. GREAT INFORMATIVEBy MadartistASIN B00005WJN8This book has many attractive useful items to customize your yard and make it a very inviting place. You'll want to use your yard as an extra room. Great for entertainment or family get-to-gethers. Planters, Bird Feeders, Benches, Tables, Walks, Bridges, Fences, Patios Decks, about anything you could want. Great illustrations and step by step directions. Very detailed. No prior experience needed.
