Graham Rust : The Painted Ceiling: Over 100 Original Designs and Details before purchasing it in order to gage whether or not it would be worth my time, and all praised The Painted Ceiling: Over 100 Original Designs and Details:

In The Painted Ceiling, Graham Rust shares his secrets for creating a wide range of painted ceilings: daytime and nighttime skies; birds and animals; cloud formations; rustic schemes featuring flower-decked trellises; trompe loeil architectural details such as plasterwork, paneling, and coffering; simple geometric patterns; and allegorical scenes in a grand manner. He also explains how to choose just the right design for the area you wish to paint.
