By Don Jacobs As a professional mural painter, I've found "The Painted House", by Graham Rust, to be an excellent idea source book. In fact, it's the best I've found to date. The illustrations are not only imaginative, but extremely rich in detail. My only complaint would be that at times he shows the original sketch without showing the finished product. Otherwise, I've found the book to be extremely helpful and I'm ready for Vol. 2.0 of 0 people found the following review helpful. Not instructional By Hollie Diane This is a great book to see what someone else has done using trompe l'oeil, however it is not instructional.0 of 1 people found the following review helpful.
