But I did want a "nuts and bolts" look at what actually goes into as I have my structure built by a professional. I enjoyed it very much.0 of 0 people found the following review helpful. Great information and photos!By M. DavisThis book was given as a gift and the recipient seems to enjoy the detailed information. It is very thorough, from selecting the right location and tree to the finished treehouse, suitable for habitation. Several styles and examples for construction are given. I flipped through and the pictures are AMAZING!2 of 2 people found the following review helpful. This book covers everything you need to know about building a tree house.By TheWinemaker99336This is an excellent book on tree house building. Covers all the things you need to know BEFORE beginning a project. Especially useful are the sections discussing trees, tools and sources for materials. This is the best book on tree house building I have read.

Treehouses speak to the little kid in each of us. Who doesn't love the idea of a fantasy house in the treetops? But building a treehouse the right way takes a lot of thought, planning and hard work. This book is here to help you dream

big yet approach your treehouse build in an achievable way. You'll learn: Everything you need to know in order to choose a suitable location and the right materials for your build How to choose the right tree Which tools you need and how to use them How to build with the health of the tree in mind - which is important for treehouse safety as well as the environment In addition to plenty of inspiration for making a home in the canopy, you'll find professional advice on materials, best practices and tree selection. More than just an aspirational book, "The Perfect Treehouse" is your guide to making your dream treehouse a reality.

About the Author Django Kroner is the mastermind behind The Canopy Crew, a custom tree house building and tree care company based in Cincinnati, OH. Django enjoys life in the canopy. With a background in rock climbing, rigging, and construction, the dream of living in a tree house became reality in the Red River Gorge. Tree climbing became his ultimate urban career, and with a passion for building, The Canopy Crew was born.
