Liz Ball : The Philadelphia Garden Book: A Gardener's Guide for the Delaware Valley before purchasing it in order to gage whether or not it would be worth my time, and all praised The Philadelphia Garden Book: A Gardener's Guide for the Delaware Valley:

0 of 0 people found the following review helpful. handy reference By Bernard Mitchell Well written illustrated. Very useful in zone 6 as a quick, jumping-off reference. Not exhaustive but very thorough in what it offers and helps focus

further research, if needed. 1 of 1 people found the following review helpful. very good reference book By Elizabeth B. This is a great book for us gardeners in the mid-Atlantic region. Just the info you need to know, not a lot of useless stuff. Very easy to look up each plant. And a great water garden section. I live in Delaware, so this is perfect for my area. I probably wouldn't recommend this particular book for other areas of the country. 10 of 13 people found the following review helpful. More a directory of plants than a useful, specialized guide. By A Customer I found this title to be somewhat disappointing as it is largely yet another general directory of plants with only basic information supplied.

Book by Ball, Liz

About the Author Liz Ball is the author of more than twelve books on gardening and plants, including several for Cool Springs Press. From her home base in the Delaware Valley of Pennsylvania, Ball has shared her advice with gardeners for more than twenty years. In addition to writing, Ball is an avid garden photographer.
