Adam Hammond : The Rudiments Of Practical Bricklaying (1885) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rudiments Of Practical Bricklaying (1885):

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high

quality, modern editions that are true to the original work.

About the Author Adam Hammond is Associate Professor of Digital Humanities and British Literature at San Diego State University. He is coauthor of *Modernism: Keywords*, and his articles have appeared in such journals as *The Globe and Mail*, *The Walrus*, and *the Literary of Canada*.
