Five StarsBy Rebekah EarleGreat condition!0 of 0 people found the following review helpful. Engaging content.By miroI purchased this book as required for an English course. The essays are, for the most part, interesting and engaging. There were a few essays

that I did not enjoy, but they encouraged respectful debate among classmates.

A small and inexpensive reader that includes the most widely taught essays along with some pieces that have never before been anthologized in a composition reader.
