I enjoyed reading this bookBy CustomerTomatoes, lettuce, cabbage, squash, etc etc. Skip the store bought veggies, skip the lines, skip the pesticides. . Grow your own food at home. My grandparents used to grow their own food. As a kid, I remember helping water the garden, but I mostly remember eating those fresh vegetables. These days, everything you buy at the store is tasteless. I enjoyed reading this book, it brings back memories of growing up with a full stomach of fresh home grown produce. In the days of information technology anything you want to know can be found on the internet. But there's nothing that can replace a book in your palm.3 of 3 people found the following review helpful. Recycling seeds... sort of? Who knew?
