**Creative Homeowner Press : The Smart Approach to Home Decorating** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Smart Approach to Home Decorating:

1 of 1 people found the following review helpful. Good Decorating BookBy CustomerI purchased about 7 decorating books on since getting my first house about 9 months ago. I would put this one in my top 5. The information inside is great - I love the measurements it provides as well as info on how to place furniture. I actually used some of the tips in the book for my combined living/dining room furniture and it came out perfect - and I never would have thought to do it on my own. She's a big advocate for keeping furniture off walls if possible and I was impressed with my results. I gave it 4 stars because, as a visual person, I would have liked to have seen more larger pictures showcasing the whole space instead of the little ones featuring sections of a room, but nonetheless, I was impressed. Definitely a good decorating book to have on hand!0 of 0 people found the following review helpful. good condition. Just greatBy CustomerVery informative and educational book, good condition. Just great.0 of 0 people found the following review helpful. Helpful Informative BookBy D. WatsonThis book was recommended for an Interior Decorating class I'm taking. After receiving going thru the class, I'm enjoying the book. The quality of the book is great.

This book explains the science and art of interior design. Shows how to work with space, color, pattern, and texture with the flair of a professional designer. Tips about furniture placement; window, wall, and floor treatments; and how to pull everything together into one great look. More than 300 color photographs.

"Part of a new series, this updated volume of a popular Creative Homeowner title covers the principles and practicalities of home decorating... With easy-to-follow text, coupled with instructive photos, the book provides a comprehensive overview and answers many queries the non-professional may have."-Mark Rotella, Publishers Weekly March 3, 2003 OR: "The authors [of The New Smart Approach to Home Decorating] encourage the reader to think like an expert. ... With easy-to-follow text, coupled with instructive photos, the book ... answers many queries the non-professional may have."-Publishers Weekly March 3, 2003
