**Ms. Susan Boyle Hillstrom : The Smart Approach to Small-Space Living** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Smart Approach to Small-Space Living:

25 of 25 people found the following review helpful. Surprisingly Pleased - A Great Book By Kimberly D. Gauthier I was looking for a how to decorating book for my condo and this book was amazingly helpful. Granted some of the spaces had more square footage and light than my space does, but the book was great! There are so many "apartment" decor books that are for spaces that are 2000 sf or lofts; not my situation at all and I had almost given up on finding a good book until I read the reviews of this one. I've referenced this book several times and it, along with several Idea Books, gave me great perspective and direction and I have succeeded and turning my cookie cutter condo into a one of a kind cozy place that I love. 9 of 9 people found the following review helpful. love this book By C. Allen I recently downsized to an 1100 sq ft home. I love my little "cottage" but wanted a modern/zen style...not the typical cozy country cottage look typical in many small homes. This book offers great idea, pictures. for a modern small space. Some of the rooms seem bigger than what I would classify as a small space, but the great ideas still apply. 1 of 1 people found the following review helpful. Good book for condo living By Nichol J. West I liked this book. It had a wealth of information that I will use in my therapy practice. Thanks so much!

The Smart Approach to Small-Space Living gives the small house or apartment dweller the design advantage with professional advice for creating a beautiful, comfortable environment. Hundreds of gorgeous photographs amply

illustrate the designer tips and know-how that is explained with regard to the understanding of space and interior design.

Winner of a Bronze Ippy Award(Independent Publisher Book Award).
