Security is the measure of resistance to, or protection from, damage. It has been noted that a theft now happens every 15 seconds. As such, the chances of your own home actually being at risk from a break in are greatly increased, and it does not matter where you live. However, when people think of a break in, they think of someone gaining entry in to

their home through breaking some glass or smashing down doors. Yet there are certain things which could actually extend an invitation to those unwanted intruders to make an attempt at getting into your home. Get all the info you need here.
