Clarkso this is one of my ready references to acclimate my gardening skills to this region. "When you're green, you're growing--when you're ripe, you're rotten!" I'm still growing--LOL!0 of 0 people found the following review helpful. Very helpful bookBy mompanteroSouth Carolina is a tough place to garden for Northern transplants. This was a very helpful book, especially when it comes to planting seasons and methods.

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the benefits derived from gardening, namely enjoyment, exercise, and nutrition. Book retailers are well aware that the trend in gardening books is to regional titles that provide credible information on the plants that perform well in specific regions.
