Alice Davies, Kathryn Tollervey : The Style of Coworking: Contemporary Shared Workspaces before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Style of Coworking: Contemporary Shared Workspaces:

0 of 0 people found the following review helpful. Lots of great inspiration By Number 6 Sure, you can see every one of these spaces online. But this book captures the essence of the high style of many co-working environments. Having a copy of this book in our lobby helps folks who visit our co-working space understand how co-working differs from a traditional office environment. It's a little eye-candy that those of us who enjoy design will appreciate and get inspiration from. 1 of 1 people found the following review helpful. Why 5* By Peerasak I am looking for the design for my coworking space business. I haven't seen the book about this before. I just found it in . I got some new design idea from the book that I can apply to my business. 0 of 0 people found the following review helpful. Beautifully done book with inspiring images. By Luis Angulo This is a beautiful and inspiring book. I work for a co-working space that is featured in the book and it is really awesome to see what other spaces are doing across the country.

This exploration of the innovative interior design of coworking spaces offers a unique look at a workplace revolution that's sweeping the globe. Coworking is redefining the way we work. Around the world, people are collaborating to create a new kind of economy that supports community and innovation while preserving valuable resources. This illustrated survey of spaces dedicated to coworking features 30 of the most impressive office spaces around the world. Google Campus in London, The HUBs global network of sites, and more off-the-radar examples such as Makeshift Society in San Francisco are just a few of the spaces profiled. Each is illustrated via a range of wide-angle and close-up photographs, offering readers page after page of inspiring ideas from a repurposed shipping container to a beautiful cushion made from a vintage silk scarf. Whether you're daydreaming from a 14th-floor cubicle or looking for ideas on how to launch your own start-up, this unique book will stir your imagination as it offers endless possibilities for coworking.

From the Inside Flap This exploration of the innovative interior design of coworking spaces offers a unique look at a workplace revolution that's sweeping the globe. This illustrated survey of spaces dedicated to coworking features 30 of the most impressive office spaces around the world. Google Campus in London, The HUBs global network of sites, and more off-the-radar examples such as Makeshift Society in San Francisco are just a few of the spaces profiled. Each is illustrated via a range of wide-angle and close-up photographs, offering readers page after page of inspiring ideas from a repurposed shipping container to a beautiful cushion made from a vintage silk scarf.
