Anne Rockwell, Harlow Rockwell : The Toolbox before purchasing it in order to gage whether or not it would be worth my time, and all praised The Toolbox:

1 of 1 people found the following review helpful. A great book for dads to read to their sons.By H. CondorMy son loves to read, and this book is a nice one for us to enjoy together. The book is an older publication, but I like its easy style and simplicity.The Toolbox is the tool box of a young boys father, and it describes its contents. A lot of old fashioned tools, but the basics are there. Wonderful graphics and a great book for dads to read to their sons.0 of 0 people found the following review helpful. Five StarsBy kitmust have with the toolbox I purchased with it.0 of 0 people found the following review helpful. Five StarsBy Laura Fraser-GrahamNo issues and my granddaughter loves it.

Look inside this well-loved toolbox-there is so much to discover! It holds strong wrenches that turn, pliers that pinch, and sandpaper that smoothes. There are nails, screws, and a hammer. A toolbox is a treasure trove for curious young builders. When they're not running to explore their own tool collections, children will be glued to this book, exploring the shapes, names, and useful jobs of common hand tools. Anne and Harlow Rockwell's preschool classic, for the first time in board book format, still shines with a well-crafted simplicity that speaks to the desire young children feel to make something uniquely their own.

About the AuthorANNE ROCKWELL and her late husband HARLOW ROCKWELL were inspired to make this book

over 30 years ago by their son Oliver and his awe of his father's tools. Anne lives in Greenwich, Connecticut and she is the author and illustrator of innumerable books for the very young.
