Fred Dubose : The Total Tomato: America's Backyard Experts Reveal the Pleasures of Growing Tomatoes at Home (Harper colophon books) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Total Tomato: America's Backyard Experts Reveal the Pleasures of Growing Tomatoes at Home (Harper colophon books):

1 of 1 people found the following review helpful. Best book there is for growing tomatoesBy SchickelgruberYears ago, I discovered this book in my local public library. At the time it was difficult to get a copy; it was out of print (it's so good I can't imagine why) and the used book business was in its infancy. Imagine my delight to find out that used copies are now available. If you love to grow tomatoes this book is a must.0 of 0 people found the following review helpful. and great service and wonderful oldBy mary jo schuffthanks, and great service and wonderful old book0 of 0 people found the following review helpful. Five StarsBy Jerry BucharWhat can I say? This tome is just a pure classic!

Experts reveal the pleasures of growing tomatoes at home.
