**Kristo Pienaar : The Ultimate Book of Trees and Shrubs for Southern African Gardeners** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Book of Trees and Shrubs for Southern African Gardeners:

A companion to "The Ultimate Southern African Gardening Book" which introduces trees from around the world. Arranged in sections according to the climate zone in which the tree originated the book gives general information as well as advice on growing the tree in different climatic conditions.
