Companion Gardening for Beginners The Ultimate Guide to Raised Bed Gardening for Beginners Winter Gardening for Beginners (Gardening Box Set) (Volume 14):

0 of 0 people found the following review helpful. having fun with gardeningBy PlutoGardening has always been my passion and there are times that I cant control my time on it. But this book taught me how to balance my time and effort. Ive also learned new techniques and ideas on gardening like reusing things that can still be used for planting, adjusting soils well, not over watering, planting to different areas and so many more tips. This box set book gives you all cost effective methods. If you read this book then you can save a lot of money while having fun with gardening.0 of 0 people found the following review helpful. Well would you look at that...By Alicia EdisonNice set of gardening book for beginners, I wanted to teach my sister a thing or two, but i'm far too busy to show her everything. I bought her these and she's been reading up on them. I visited her house the other day and what do ya know... she had her husband building a raised bed and she had common companion plants ready to be planted- proper soil and everything. So I know this was worth it!0 of 0 people found the following review helpful. I learned a variety of things from this set. ...By TaylorI learned a variety of things from this set. Gardening is a passion of mine but there were some parts of gardening that I was uncertain about. Now that I have finished reading this set, I believe my gardening will be improved to a new level. You can always learn something new.
