A Handsome and Comprehensive BookBy TheseusA fine effort from the University of Virginia Press which celebrates Georgian architecture in general and Richmond in particular: 262 pp, linen and canvas over hardback boards with a sewn binding in dustjacket. Something like 220 illustrations in color and bw: interiors, exteriors, floorplans, elevations, and even some site maps."...Bottomley, like Luytens in England, gave architectural distinction to the notion of 'Banker's Georgian,' and was able, at least in the case of Richmond, to set a new standard of excellence in domestic architecture which addressed both past tradition -- so central to Virginia mythology -- and present needs. He helped create some of the best new parts of a proud old city, and his urban/suburban villas have a cumulative effect which set the mark for an entire city and remain in the mind." -- J.T. RobertsonWith two appendices, a 5 page bibliography, and about 15 pp of end notes.TABLE OF CONTENTSUrban Homes- Monument Avenue- 2309, 2301, 2315, 2601, 2320, 2714, and 1800 Monument Avenue-Stuart Court ApartmentsSuburban Villas- Windsor Farms- Nordley- 4207 Sulgrave Road- Canterbury- Milburne- Loggia, Virginia HouseWest of Windsor Farms- 6705 River Road- Redesdale- 24 Hampton Hills LaneOther Commissions in Richmond- 121 East Grace Street- Covered Ring, Atlantic Rural Exposition- New Garden Entrance, Battle Abbey- Saunders ResidenceEpilogueAppendix: Other Work by Bottomley in VirginiaAppendix: Pattern Books

A Must Have for Architects Designers!!By Barry S. BertinThis book is right up there with the greats of architecture books very similar to the original David Adler Book and the John Staub architecture books but even better due to abundant color photography! Gorgeous color photographs of interiors as well as exteriors of stunningly elegant Georgian Homes in Richmond Virginia area mostly built in the 20's 30's. Excellent huge floor plans with exact room sizes and even the original costs of the Homes etc. are given in fascinating and beautifully written text. One of my all time favorite architecture books. Loved it!
