You can find it cheaper but it's worth the extra \$By DavidI have purchased several Taschen books and now consider them to be a useful resource, as useful as having an old mentor. Everything they put out is thoughtfully presented, beautifully displayed, well researched.Though you can find Batterham's World of Ornament elsewhere for much less money, you won't be disappointed by this volume, the layout, the size. It is a big purchase that feels like it was worth it. It is in display in my home.5 of 5 people found the following review helpful.
