Hazel White : Theme Gardens (Sunset Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Theme Gardens (Sunset Series):

0 of 0 people found the following review helpful. Four StarsBy Deborah K.Has good information

From a fresh take on a formal garden to something as trendy as feng shui, this instructive book explores eight themes for small to medium garden areas. Inviting and informative, Theme Gardens shows how to plan, plant, and maintain landscapes that suit your personal style, whether you prefer Mediterranean, Japanese, natural, formal, tropical, cottage, or even eccentric. Complementing the stunning photographs are step-by-step instructions for simple but special how-to projects as well as a list of quintessential plants and materials for each theme.
