Five StarsBy April CarlisleAwesome book!

New book in the 'Think' series. Think Vintage sold almost 10,000 copiesWith personal and informative texts, based on interviews with the inhabitants and the people who created their interiorsA unique source of inspiration with photos of interiors that have never been published beforeThe current dominant interior style is surprisingly eclectic. In this book, art collectors, architects, designers and antiquarians mastering this trend, allow us to enter their private spaces. They mix different styles to form a new unity, combining old and new, sleek and baroque. No sterile showrooms are shown

here, but real houses, decorated by these creative minds. The eclectic style does not have any rules and underlines the strong individual character of the decorator. Text in English, French, and Dutch. Art historian Piet Swimberghe and photographer Jan Verlinde work for numerous magazines such as Elle Living, Cot Ouest, MTC and Weekend Knack .
