Norm is my American Idol!By Farm ChickSince purchasing and renovating a turn of the century farmhouse I have read everything I could get my hands on, including almost every back issue of TOH magazine. I could not put this book down until I finished it. I didn't even know what a joist was when I fell in love and decided to buy a house in the country. I learned so much by reading this book. Thanks Norm!0 of 0 people found the following review helpful. Arrived as promised and my hubby I have
