**Editors of This Old House Magazine : This Old House Fun Family Projects: Great Ideas that Mom, Dad, and Kids Can Build and Enjoy!** before purchasing it in order to gauge whether or not it would be worth my time, and all praised This Old House Fun Family Projects: Great Ideas that Mom, Dad, and Kids Can Build and Enjoy!:

3 of 3 people found the following review helpful. Fun family projects made simple By Reader Great book for simple and fun family projects for your house and garden. The illustrated step-by-step instructions are easy to follow and makes the book a great guide for anyone interested in picking up a toolbox. You get a good mix of both useful (build a toy chest or a step stool) and fun (build a fort or a lemon stand) projects. The safety-guide in the beginning of the book is also a good read teaching not only kids, but adults, how to avoid unwanted accidents with the hammer. All in all - clear, simple and fun book for the kid in all of us! 4 of 4 people found the following review helpful. Great fun for the family By Anonymous My son got this book as a gift, and we've had a wonderful time putting the projects together as a

family. Even though we are novice builders, the step-by-step instructions have made it easy for everyone to follow along. The wall cubbies we made look great in my daughter's room, and the soccer goal has made a fun addition to our backyard! My kids also love the colorful illustrations and bonus stories that come along with each project.

Easy step-by-step, 1-2-3 instruction so simple even a Dad could follow it (as long as he gets help from Mom...) Great pro advice Every project designed by our crew for simplicity, safety, and kid-worthiness Online helper Templates and videos for all the projects on [thisoldhouse.com/books](http://thisoldhouse.com/books)
