This book presents charming, comforting settings of graceful elegance. Paintings, mirrors, and objets d'art keep the eyes moving about the rooms, captivated by their artful intricacies. This is a book of pastels, glass, art, and soft furniture, all arranged to quiet the tempo of the day and to soften the mood of the viewer. 20 of 21 people found the following review helpful. A KeeperBy marianne cherniuk What an enjoyable book. I keep it in my living room and look at it every day. I also have The French Inspired home by Carolyn Westbrook and would buy all of her books on French decorating if she has others. I just absolutely love both of these books. The pictures are incredible. Also the stories and descriptions make for such good reading. Of all the books on decorating these 2 by Carolyn Westbrook are my favorite. Excellent price as well at .com. 0 of 0

Welcome to the world of designer and decorator Carolyn Westbrook. Carolyn is known for her love of French design, and here she shares her romance with beautiful and inspiring interiors. Carolyn's mantra is simply to create a home that reflects your spirit, and here she invites us into her own home, a 1800s plantation house. The decor changes regularly - walls are given a dramatic facelift with a new colour, furniture bought for her business becomes too precious to be sold on, newly discovered accessories are layered in with existing treasures. Nothing stays the same for long, and Through The French Door reveals the latest incarnation of this wonderful family home. Carolyn invites you to share her everyday life here, from collecting still-warm eggs from her brood of chickens to picking sun-ripened tomatoes and basil from her garden for supper. Carolyn is known for her parties and this book captures the seasonal celebrations at The Plantation, from the splendour of Christmas to summer parties. Carolyn also takes us on a tour of other homes she finds are truly French inspired. Roam through the halls of a city mansion or take a look at the simple, sleek interior of a town house. See what true French country style looks like by peeking through the door of a log cabin dressed in French ticking and gorgeous velvets. Wherever and however you live, Carolyn once again shows that her signature French style can be applied to any interior. Her sure hand guides you through the process of creating a wonderful home that is a reflection of you and teaches you how to pull together interior decorating schemes. With glorious photography and a range of homes, Through the French Door is a celebration of Carolyn Westbrook's signature style - timeless, sophisticated, comfortable and inspiring.
