Jean Wells, Valori Wells : Through the Garden Gate: Quilters and Their Gardens before purchasing it in order to gauge whether or not it would be worth my time, and all praised Through the Garden Gate: Quilters and Their Gardens:

I love the colors and design of the quilt. The book that was used came to me satisfactorily. My only problem is that the other pictures and projects inside the book are not interesting to me. Still it is worth having because I love this one quilt! 0 of 0 people found the following review helpful. One Star By Lourdes Arambarry This is not a quilting book there is more pictures of a garden than quilts, really. 1 of 1 people found the following review helpful. Five Stars By Linda R. Roberts not what I expected but a nice book
