Lester Walker : Tiny Book of Tiny Houses before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tiny Book of Tiny Houses:

0 of 0 people found the following review helpful. I love this book By Jeanne Cantrell I love this book. I purchased it in 1984 in San Francisco, but it got lost somehow or loaned and it never found its way home. 0 of 0 people found the following review helpful. Needs some color By Kaleena Drake This had an interesting variety of tiny house. I really wish the picture were in color though. Didn't realize they were all black and white when I purchased it. 0 of 0 people found the following review helpful. history book of small houses By J. Cilli This book depicts small houses from the settling of America and a few historically significant houses like Thoreau's cabin. I was interested in something more informative about the construction of tiny houses and this was not useful for my purpose.

Profiles seventeen small buildings, some used as permanent housing, some as temporary accommodations, and some as workplaces, including Thoreau's cabin and an ice fishing shanty, and provides structural diagrams and plans

About the AuthorLester Walker is an award-winning architect and author of numerous books including *American Shelter*, *Tiny Houses*, and *Block Building for Children*. He lives in Woodstock, New York, where his architectural practice is based.
