**Lloyd Kahn : Tiny Homes on the Move: Wheels and Water (The Shelter Library of Building Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tiny Homes on the Move: Wheels and Water (The Shelter Library of Building Books):

18 of 18 people found the following review helpful. Mobile Homes from Mobile ImaginationsBy Tom A. HallI can't think of a better word than "inspirational" to describe Lloyd Kahn's newest collection . This time, scores of odd and wonderful handmade mobile homes and house boats. The photos, the back stories, and the links make "Tiny Homes on the Move" a window into what is possible when the will is there to create. If you are on the fence about doing something so crazy as to build your own home, this collection may inspire you to tear down that fence and use the

boards to build your own dream mobile. Definitely 5 stars. 11 of 11 people found the following review helpful. Another instant classic by Lloyd! By Alex If you love tiny houses, and like me, can't get enough of them.. You can't beat Lloyd's new Tiny Homes on the Move. Put it on the coffee table (or even the bathroom) and enjoy it forever. 7 of 7 people found the following review helpful. An inspiring book By Ginny Having spent many months traveling and living on cruising sail boats in far parts of the world I'm used to living small. This book shows many ways to do that with lots of brilliant ideas. The only improvement would be to have floor plans for some.

Tiny Homes on the Move chronicles 21st-century nomads people who inhabit homes that are compact and mobile, either on wheels or in the water. In photos and stories, this fascinating book explores modern travelers who live in vans, pickup trucks, buses, trailers, sailboats, and houseboats that combine the comforts of home with the convenience of being able to pick up and go at any time. With over 1,000 color photos accompanying the stories and descriptions of these moveable sanctuaries, this is a valuable and inspirational book for anyone thinking outside the box about shelter.
