I believe the author meant well, but should have reread it before she published it. It would make an o.k. free pamphlet.2 of 2 people found the following review helpful. Save your moneyBy Laura E LehtolaPretty useless. This book hardly has any truly useful information, no links to resources, no illustrations of any kind. Writing is very generic and was probably done in one afternoon. The book gives a strong impression that the author lacks any firsthand experience with tiny homes. Thankfully I only downloaded the free Kindle version, because this isn't worth your dollars. Save them for the house project, and then write about it. I trust you will do better.
