**Akys Taylor : Tiny Houses: Awesome Ideas To Live In Small Houses Yet Feeling Large** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tiny Houses: Awesome Ideas To Live In Small Houses Yet Feeling Large:

3 of 3 people found the following review helpful. Amazing bookBy Nancy DowsAs I live in a small house I found this book a very interesting guide to help me make it a better place for living. It gave me many great ideas and tips that

helps in making my small house look big. I also enjoyed many great decorating ideas so that I will not only make my house look bigger but also with a decorative touch making it look beautiful place as well. This book also is useful for those who have big houses as well as they can apply the decorative ideas and tips in it to make their houses look prettier. 0 of 0 people found the following review helpful. Interesting to read! By Samantha Brown Informative, Idealistic and Creative! This book is packed with useful information on how to maximize your house. It has great tips on how to make your house look bigger. And Suggested furnitures are also discussed which made it really handy. Possible and common problems are also briefly explained in this book. Consider that a heads up for you to avoid those problems. Great book and I would recommend this book to those who are planning to downsize their home. 1 of 1 people found the following review helpful. Rather short but still a great read! By Jake Daniels This book was on the short side but don't let that fool you! The content is high quality and the ideas are indeed awesome! Its definitely one of the better "Tiny Houses" books out there at the moment. Its a fun topic to read about. I don't live in a tiny house myself but who knows? One day maybe I'll build myself a little house off the grid somewhere. I need to do a little more digging, I'm going to keep my eyes out for some more new books on this subject but still I would definitely recommend this one to start or continue your "Tiny House" education. 4 stars from me!

Are You Living In A Small House? Do You Want To Feel Large In This Same House? If your answers are positive then this book is for you. This book will not tell you to buy a bigger house instead; this book will teach you how you can make your existing house better and bigger in terms of design and feel. The sole purpose of this book is to help you so that you start feeling large being in the same small home of yours. Remember, it is not tough to change everything and the book holds ideas on how you can implement changes. What Are The Chapters In this Book? There are seven big chapters in this book. They are: Introduction The Problem of Small Houses Furniture to use in Small Houses Ideas to Make Your Small House Look Big Unique Interior Designing Ideas For Your Small Home Tips to Keep Your Home Clean Conclusion All these chapters of the book are dedicated towards making you feel large in the home. The chapters talk about designing ideas, interior ideas, unique decoration tips and many more. Some of them are really simple and you can implement those ideas within seconds of reading them where some other ones will require your time. The book also has an extra chapter on how you can keep your house clean. It is important that you keep your house clean because a dirty place will not bring comfort in your life. This is a short chapter with a number of tips on cleaning ideas. At the end of the day, if you really want to live in a better home then this is the perfect solution eBook for you. It will never tell you that you are living in a boring and small house. It will tell you how you can redesign your house so that big houses mean nothing in mass peoples eyes compared to your one. Hopefully, this book will be able to change your life. Buy Now - Take Action!

"The beauty of this very little ebook is the versatility to apply its suggestions and ideas in many different ways" - David Emerson "As I live in a small house I found this book a very interesting guide to help me make it a better place for living." - Nancy Dows "For anyone who loves houses, big OR small, and for anyone interested in the Tiny House "movement," I highly recommend this wonderful book." - Carole Griffie "My wife and I really want to adopt this lifestyle. I feel like there is simplicity and elegance in small and clean." - Jason F. From the Inside Flap "There is another interesting fact about this coloring topic. If you use light colors in your wall and floor, it will make sure that the lights are being reflected to other parts of the home which will make the home look large." "When you are buying your bed, make sure that the bed has boxes at the side of it. This is pretty common these days and you should take one of them as they will give you extra drawer and places to keep your items." "The first idea is to make sure that you don't have any book, paper, diary or readable items in a simple surface on top of anything in your home. They should always be hanging in your walls. There are brilliant quality wall hanging book shelves available right now in all around the world and they are better in terms of look and quality than the regular shelves. Why wouldn't you pick one of those?" About the Author Do you want to feel better in your life? Fancy living healthier? Are you aware of all the benefits of essential oils? Do you have an interest in Yoga? Do you need to lose weight? My books will satisfy your needs! I write books about everything related to nature: natural weight loss, juicing, aromatherapy, you name it. I love outdoor activities and I've accumulated experience in quite a lot of fields over the years. Akys Taylor = quality books! Try my books and here is my guarantee: you will feel better right away!
