Great book for fans By djungblut Great book for fans 0 of 0 people found the following review helpful. great book, came in good shape and a timely ... By Claire great book, came in good shape and a timely fashion, thank you 0 of 0 people found the following review helpful. Five Stars By Mike Howard I found the book very informative and complete.

Award-winning author Paul Goble examines the construction, art, and significance of the tipi to the Plains Indians in his newest book, entitled Tipi: Home of the Nomadic Buffalo Hunters. Through a re-telling of the old-timer's stories, Goble shows how the tipi was more than just a home, but an expression of spiritual beliefs.

Blends traditional insights into tipi construction and development with a retelling of old-timers stories and a blending

in of art to make for a fine survey of construction techniques, decorations, cultural meaning, and more. Tipi includes over a hundred color illustrations and drawings and makes for a vivid, outstanding survey of the spiritual and culture meaning of the Native American structure. (Midwest Book , June 2007)From the PublisherForeword Magazine's Book of the Year Award - Juvenile Nonfiction PMA Benjamin Franklin Awards - Interior Design, Children's/Young Adult (Finalist) MIPA Midwest Book Awards - Child/Young-Adult Non-Fiction MIPA Midwest Book Awards - Nature "When I was a little boy, my mother made me a small tipi and painted it with Native American symbols. It excited my interest, and made me want to know more. This book is the kind of book I began looking for, but never found. So I have made it for you." --from the Author's NoteAbout the AuthorPaul Goble is an award-winning author and illustrator of children's books. His book *The Girl Who Loved Wild Horses* won the Caldecott Medal and his most recent work, *All Our Relatives: Traditional Native American Thoughts about Nature* was nominated for the 2006 James Madison Award. He lives with his wife in Rapid City, SD.
