**Todd Boland : Trees and Shrubs of Newfoundland and Labrador: Field Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Trees and Shrubs of Newfoundland and Labrador: Field Guide:

0 of 0 people found the following review helpful. Three StarsBy CustomerGood book for the beginner.

A beautiful, well-constructed guide to more than 130 of Newfoundland and Labrador's woody plants. Inside, you'll find icons that aid at-a-glance scanning of each species, tabs that show each plant's favoured habitats, photos of each

plant's key features, and details to help you identify plants and broaden your knowledge.

About the Author Todd Boland is the Research Horticulturist at the Memorial University of Newfoundland Botanical Garden and is one of the founding members of the Newfoundland and Labrador Wildflower Society. He is author of *Wildflowers of Nova Scotia*, *Trees and Shrubs of the Maritimes*, and *Trees and Shrubs of Newfoundland and Labrador*.
