Caroline M. Schloss : Unauthorized Guide and Values to Snap-On Collectibles: 1920-1998 (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Unauthorized Guide and Values to Snap-On Collectibles: 1920-1998 (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. FantasticBy Enrico ZanolottiNice book, a must have for every Snap On buff.1 of 1 people found the following review helpful. Snap OnBy Kathleen SchaeferNice Book but was looking for more snap on die cast items to use a a reference. Didn't contain much.5 of 6 people found the following review helpful. Snap-On or OUT?By J. TerpoI was not happy with this book for a small time collector that I am. I collect many things and one of them being Snap-On (items). I found in this book with Tools ONLY being about 10 pages of

pictures not enough about these items as well as many items that have been left out. The same goes for these other two categories. Tool Boxes ONLY about 6 pages and Commemorative items only about 8 pages. I understand we can not meet every category for every collector in the Snap-On world. But it should have been covered a lot more and or better on it. It was NOT just the above mentioned category that I found this it was as well as other categories not mentioned in this book. Also I notice not much information was spoken on most of the items in this book. Such as how many have been made, They should of shown the different types of commemorative items, tools, tool boxes, ect. that Snap-On put out. Well you be the judge of it for yourself. I wasn't happy with this book for the price, nor with Caroline's input. I guess that's why it's called UNAUTHORIZED guide to Snap-On.

Since 1920, the Snap-on Wrench Company has provided the world with tools that combine state-of-the art design with classic American style. The Snap-on name has also ventured far from the workbench, appearing on everything from toys to T-shirts. Author Caroline Schloss (a.k.a. "Ms. Snap-on") has put together a collection of all things Snap-on that is sure to send any automotive enthusiast rummaging through the garage to look for those old calendars, mugs, model cars, and commemorative sets that might now be worth a pretty penny. Whether you're looking to buy, sell, or simply enjoy the world of Snap-on collectibles, this book is for the collector who insists on having the right tool for the job.
