2 of 2 people found the following review helpful. An Excellent Primer! By Phillip E Wilson For anyone who enjoys -- with an amateur's interest -- the distinctive architectures of regions of the USA or other countries, this book is an excellent repository of exemplary homes in the Cape Cod, Martha's Vineyard, Nantucket region of Massachusetts. It is a delightful, informative primer about the characteristic style of homes in this region. It is also an excellent "cocktail table" volume because the photography is excellent.

Discover a diverse selection of beautiful Cape Cod, Martha's Vineyard, and Nantucket homes from a dozen of the top architects practicing in this region. Breathtaking landscapes and water views abound throughout this area, providing a

powerful backdrop for the homes that are situated there. With more than 40 projects, this design book features homes ranging from traditional shingle style to very modern designs, and from modest cottages to grandiose estates. Explore them inside and out, and learn about the architects, designers, builders, and other masterminds behind their creation. See the stylistic preferences unique to each architect and firm, including drawings, models, and floor plans, and be inspired to create your own dream home. With a foreword by architect John R. DaSilva, AIA, this is a quintessential coffee table book that makes a perfect gift for all home design and Cape region enthusiasts.
