James E. Brumbaugh : Upholstering (Audel) before purchasing it in order to gage whether or not it would be worth my time, and all praised Upholstering (Audel):

0 of 0 people found the following review helpful. It reads like a textbook from many years agoBy CustomerThe book is not what I expected. It reads like a textbook from many years ago. I guess I expected more illustrations about upholstery for a beginner.0 of 0 people found the following review helpful. I was amazed to find it was written by someone who lived ...By Victoria MidkiffThis book was used in a class I took when I lived in Lexington Kentucky. I

was amazed to find it was written by someone who lived in Cincinnati, Ohio and who flew pigeons with my former boyfriend's brother and other folks I grew up with. It is one of the best books on upholstery you can buy. 0 of 0 people found the following review helpful. Five Stars By Marcy T. Giles Older but exceptional book even for a beginner with a small project.

This third edition is designed to provide the layperson and apprentice with the technical and practical information necessary for an understanding of the basic principles of upholstery. It includes photographs and diagrams to aid in understanding of the topics. New to the edition is a special colour insert depicting fabrics and other examples where the use of colour provides a more comprehensive overview of the topic. This edition also has an updated index, illustrated sections on embroidery and on pad upholstery, and an expanded cleaning section.
