From Springer : Urban Forests and Trees: A Reference Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Urban Forests and Trees: A Reference Book:

This multidisciplinary book covers all aspects of planning, designing, establishing and managing forests and trees and forests in and near urban areas, with chapters by experts in forestry, horticulture, landscape ecology, landscape

architecture and even plant pathology. Beginning with historical and conceptual basics, the coverage includes policy, design, implementation and management of forestry for urban populations.
