Nick Engler : Using the Table Saw: Techniques for Better Woodworking (The Workshop Companion) before purchasing it in order to gage whether or not it would be worth my time, and all praised Using the Table Saw: Techniques for Better Woodworking (The Workshop Companion):

0 of 0 people found the following review helpful. Five StarsBy Paul StoneExcellent value, very helpful for me.0 of 0 people found the following review helpful. Five StarsBy EdGOOD READING0 of 0 people found the following review helpful. Very Useful BookBy Mick VercoAnother Great title by Nick Engler. This book is full of handy hints and ways to get the most out of your table saw. If you are like me then you probably thought a table saw was just for cutting stuff. Wrong. This book will tell you why with easy to understand explanations of the techniques used by professionals. I am now much more confident in using my table saw and taking on more difficult projects.
