Laura Peters : Vegetable Gardening for Alberta, Saskatchewan and Manitoba before purchasing it in order to gage whether or not it would be worth my time, and all praised Vegetable Gardening for Alberta, Saskatchewan and Manitoba:

The Canadian prairies are an ideal place to grow a huge variety of vegetables, and there are plenty of healthful and economic benefits to having your own garden. Whether you have a traditional backyard space or several containers on a high-rise balcony, you can grow a season-long supply of tasty produce. Best-selling garden writer Laura Peters provides all you need to know to dig in: * Basics such as light, soil, exposure and frost tolerance * Almost infinite garden styles, including raised beds and limited space gardening * Preparing the garden and selecting which vegetables to grow where * Recommended varieties, including new, traditional, heirloom and unusual selections * Seasonal care, including mulching, weeding and watering * Tips throughout, including how to extend the growing season and what to do with your harvest * Organic approaches to management of pests and diseases * An appendix featuring companion plants and relationships * Helpful hardiness maps, and delicious colour photos throughout. From A to Z--yummy asparagus, through to healthy kale and peculiar kohlrabi, all the way to colourful peppers, potatoes, tomatoes and zucchini--it's all here in this informative gardening guide.

About the Author LAURA PETERS is a certified, seasoned Master Gardener, garden writer and photographer with over 30 gardening books to her credit. She has worked in almost every aspect of the horticultural industry in a career that has spanned more than 20 years. She passionately believes in organic gardening and food security, and she loves to share her knowledge with fellow gardeners and environmentalists alike. She lives in Edmonton with her two cats Blackie and Luna, and gardens both on her condominium balcony and in her parents' gardens just to mix it up with a variety of settings.
